Choreographers Note: There are two versions of this song on the album, The first version is in 4/4 time and the version that I have choreographed to is obviously 3/4 time. Feels nice to do though you will notice through the song that you have to concentrate a little on the beat, It's not that bad when you have done it a few times, Just keep dancing through it as you will fall into a heavier beat to dance to. Hope you like it as I couldn't help myself, I had to do another Celine dance ☺ Dance starts approx 2 beats before she starts singing the song.
